ON THE COVER

All Creatures Great and Small on Masterpiece is back for another season!

It is Spring 1941 and we return to Darrowby to find young baby Jimmy keeping everyone in Skeldale House on their toes. Helen is getting the hang of motherhood with James away at RAF Abingdon. With World War II now fully underway, Siegfried is taking up the slack at the surgery, Mrs. Hall and Helen are considering their contribution within the community, and Carmody is eager to step up. Siegfried is keen to have everyone back, but Tristan's surprise return won't be quite as straightforward as he hoped.

Sundays at 8 p.m. and Thursdays at 4 p.m.
starting January 12 on KMOS 6.1.

As we enter the new year, I want to take a moment to recognize all of you who have donated to KMOS to keep PBS strong in central Missouri. We are nearing 5,000 donors for the first time in KMOS' history. KMOS provides high quality educational, news and entertainment programming to nearly one million people across central Missouri. We couldn't do it without the support of donors and viewers like you.

We also couldn't do it without the support from grants we receive from both the state and federal government. The state of Missouri provides us with a grant that is passed through from the taxes received from the non-local artists and entertainers who perform in the state - but not from individual taxpayers. Each year we also receive a significant grant from the Corporation for Public Broadcasting. This helps us purchase programming, maintain equipment, and keep the lights on. These grants make up nearly 50% of our yearly operating budget and are essential to keeping KMOS PBS on the air.

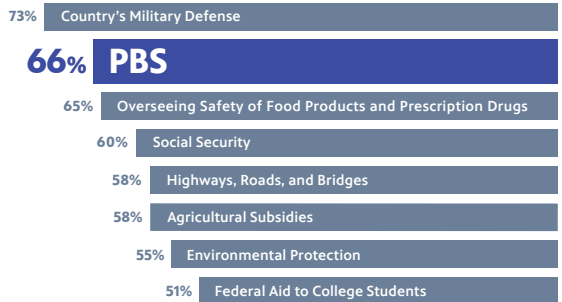

MEMBER NEWS AND UPDATES

Americans rate PBS highly in terms of value for tax dollars.

PBS stations provide an excellent value to communities.

This survey was developed by PBS and conducted online within the United States by Proof Insights (formerly M&RR) fielded 31 questions during the window of January 4-15, 2024. The survey was conducted among a sample of 1,019 adults ages 18+, 498 men, 517 women, and 4 respondents preferred to self-identify. The results are weighted to be nationally representative of the U.S. adult population.

Often people will ask you to ask your lawmaker to support something, that is not what I doing. I am asking you to THANK our federal and state lawmakers for their support. Support for PBS has often been one of the few areas where lawmakers of both parties come together and agree that the work PBS does is essential to the health and wellbeing of their constituents. That is why I am asking that if you know a lawmaker, see one out in public, or even correspond with them, please thank them for their support of PBS. They help make the work of PBS possible just like you. Public support for PBS and KMOS is why we say “this was made possible by viewers like you” because it truly is, and we thank you!

Resistance: They Fought Back We've all heard of the Warsaw Ghetto Uprising, but most people have no idea how widespread and prevalent Jewish resistance to Nazi barbarism was. Instead, it's widely believed "Jews went to their deaths like sheep to the slaughter." This film provides a much-needed corrective to this myth of Jewish passivity. There were uprisings in ghettos large and small, rebellions in death camps, and thousands of Jews fought Nazis in the forests. *January 27 at 9 p.m.*

January 13 at 9 p.m.

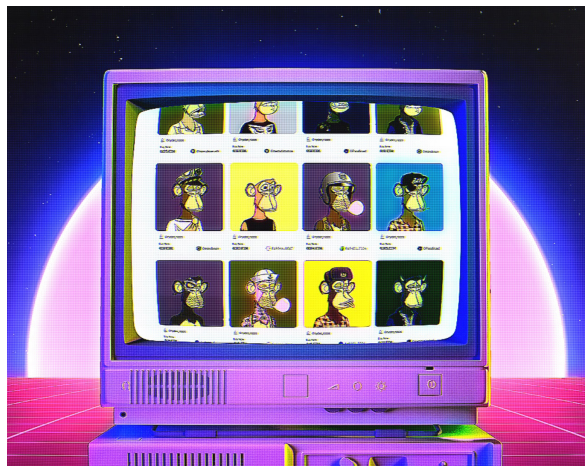

This poignant feature documentary chronicles three generations of a Lakota family as Delwin Fiddler Jr., an acclaimed grass dancer, returns to his ancestral home on the Cheyenne River Sioux Tribe Reservation in South Dakota. After 11 years of living in Philadelphia, he leaves his big city life behind, aiming to reconnect with his mother and father and learn more about their family history.

Minted

Premieres January 6 at 9 p.m.

An insider's look at the rise and fall of the NFT (non-fungible token) phenomenon and how technology has transformed the traditional art world. Featuring Beeple, who became the third-highest selling living artist after his NFT sold for \$69 million, along with other pioneering artists at the center of this phenomenon, "Minted" delves into the intricate and often perplexing world of the \$40 billion NFT digital art market.

Spanning the entire arc of the NFT craze, the documentary traces its early origins in the rise of digital art, through the explosive NFT boom in 2021 to its crash in 2022 and 2023. Critique is provided from both within and outside the art world around the social implications, viability, and ethics of NFTs, while questions emerge about the market's sustainability, the impact of blockchain technology, and the commodification of art in the digital age.

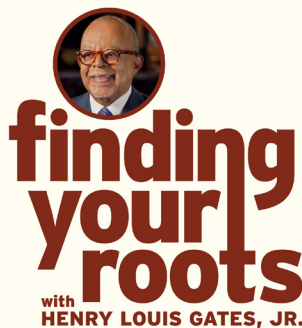

Miss Scarlet on Masterpiece, Season 5 *January 12 at 7 p.m.*

Eliza's agency is thriving, and her professional life is on a successful path – on the personal side however, Duke has now been away in New York for several months and Eliza is forced to make a difficult decision. Meanwhile, a new Detective Inspector comes to Scotland Yard and Eliza must navigate building a relationship with him if she's going to continue having access to police resources. All these changes and decisions beg the question – can Eliza Scarlet have it all?

NEW DRAMA MARATHON!

PREMIERES NEW YEARS DAY, JANUARY 1

Set in a coastal town in tropical South India, *The Good Karma Hospital* tells the story of junior doctor, Ruby Walker, (Amrita Acharia) who arrives in India looking for a job and a distraction from her heartbreak. She anticipates the sunshine, the palm trees and picture-perfect beaches. She's even prepared for the sacred cows, the tuk-tuks and the Delhi-belly that everyone warned her about. What she doesn't expect are the realities of work, life and even love at an under-resourced and over-worked cottage hospital.

Run by the gloriously eccentric Doctor Lydia Fonseca (Amanda Redman) the hospital is the beating heart of the local community. Held together by a hand-picked team of British and Indian medics, the Good Karma turns no-one away - locals, ex-pats and tourists are all welcomed through its doors.

The series follows the lives and loves of a team of hard working medics as they travel the red dirt roads to patients staying in five-star beach resorts or inland – through lush green jungles – to help local villagers. Back at the hospital, literally any story can walk through the door – and often it does.

Life affirming and optimistic, this contemporary series mixes the heart-breaking with the humorous, and as Doctor Ruby Walker adjusts to life in India, she realises that the Good Karma Hospital is more than just a rundown medical outpost - it's a home.

Resistance: They Fought Back - We've all heard of the Warsaw Ghetto Uprising, but most people have no idea how widespread and prevalent Jewish resistance to Nazi barbarism was. Instead, it's widely believed "Jews went to their deaths like sheep to the slaughter." The film provides a much-needed corrective to this myth of Jewish passivity.			Democracy Now!

Vienna Blood, Season 4 | Premieres January 5 at 9 p.m.

The gripping crime drama set in 1900s Vienna returns for its fourth season with a new four-part mystery. Season 4 finds the unlikely detective duo in Vienna in 1909, where the double murder of a senior public official and an arms dealer in police custody has shaken the city to its core. Freudian psychoanalyst Max Liebermann has only just returned from a lecture

tour in America when Inspector Oskar Rheinhardt asks for help in what could be the most dangerous case of their careers. Working together on an increasingly perilous investigation, Oskar and Max uncover a conspiracy that leads to the heart of the government. Can they stop the seditious mole known as “Mephisto” from destroying the Austro-Hungarian Empire? And will their lives ever be the same?

Nature: Big Cats, Small World

January 22 and 29 at 7 p.m.

On the shores of Botswana’s Gomoti River, three big cats have made themselves a home. An aging lion has his hands full with new cubs; a cheetah mother races to get her five cubs to independence, and a male leopard embarks on a bumpy journey to fatherhood. To succeed, these cats must use their unique skills to avoid lethal encounters, outsmart rivals, and thrive in a crowded neighborhood.
