In August of 1945 the world witnessed the most destructive weapon ever created as nuclear bombs were dropped on Hiroshima and Nagasaki. This event brought the end of the greatest war ever known and the beginning of a new age of humanity, the atomic age. Now, 80 years later we still live in the shadow of the great and terrible discovery of man-made nuclear fusion. This month we take a look at the impact of this unique time in human history with several special programs.

Television Event

The story of the making of the 1984 Nuclear War film *The Day After*. With irreverent humor and sobering apocalyptic vision, *Television Event* reveals how a commercial broadcaster seized a moment of unprecedented television viewership, made an emotional connection with an audience of over 100 million and forced an urgent conversation with the U.S. President on how to collectively confront and resolve the most pressing issue of the time - nuclear proliferation. Airing Monday August 4th at 7 p.m.

Atomic Bowl: Football at Ground Zero—And Nuclear Peril Today

A timely film by an award-winning director on the long-forgotten U.S. military all-star game in Nagasaki on January 1, 1946, where 90,000 had perished just weeks earlier—and the vital lessons and warnings for today as nuclear dangers proliferate and the civilian death toll in current wars surge. Narrated by Peter Coyote and with never before seen footage, images and first-hand accounts. Airing Monday August 4th at 8 p.m.

Atomic People

This documentary tells the story of the “Hibakusha” the name given to the people in Japan who survived the nuclear bombing of Hiroshima and Nagasaki. Through personal accounts with archival footage, witness the human fallout of the first and last atomic bombs used in warfare from the only remaining survivors on Earth of a nuclear attack. Airing Monday August 4th at 9 p.m.

Marlow Murder Club, Season 2 While life in the idyllic town of Marlow has just about returned to normal after a chain of murders rattled the tightly knit community, it's not long before retired archaeologist Judith Potts, dog-walker Suzie Harris, and Vicar's wife Becks Starling are called back into action to solve a series of new crimes that befall the local residents. *Sundays at 8 p.m. starting August 24.*

Professor T, Season 4 After Season 3's shocking finale, Dan and Jasper are consumed by grief. Television Event At the height of the cold war, broadcaster ABC set about making a made-for-TV movie about the effects of a nuclear bomb on the ordinary American people, little knowing the obstacles and opposition they would face during its production, and the eduring impact it would have once broadcast - both in the US and in Russia. With irreverent humor and sobering apocalyptic vision, Television Event reveals how a commercial broadcaster seized a moment of unprecedented television viewership, made an emotional connection with an audience of over 100 million and forced an urgent conversation with the US President on how to collectively confront and resolve the most pressing issue of the time - nuclear proliferation. *August 8 at noon.*

Market to Market

Saturdays starting August 23 at 1:30 p.m.

Sharing the authentic tale of what it means to live and work in rural America, reporters provide perspective on the news that affects rural America. Then commodity market analysts will help you navigate what the USDA calls the \$1.5 trillion agricultural economy.

The link between agriculture and the overall economy is often overlooked by mainstream media. *Market to Market* bridges that gap with award-winning reporters who help make the connections between farmer and consumer.

Clive Davis: The Soundtrack of Our Lives August 20 at 2 p.m.

This is not a mere biography, but a guided tour of a cultural revolution that deeply impacted the music industry through the career of a man who consistently caught the next wave before everyone else— if he didn't just create the wave himself. Many of the acclaimed performers he mentored are featured, in both archival footage and contemporary interviews, to attest to Davis' singular talent and blessed life, as well as the work that went into one to create the other. In Aretha's words, Davis is "the greatest record man of all time," and this film is definitive, ceaselessly entertaining proof.
