## ON THE COVER

**The American Revolution was at once a war for independence, a civil war, and a world war. It impacted millions – from Canada to the Caribbean and beyond. Few escaped its violence.**

Thirteen British colonies on the Atlantic Coast rose in rebellion, won their independence, and established a new form of government that radically reshaped the continent and inspired centuries of democratic movements around the globe.

Examine how America's founding turned the world upside-down in *American Revolution* on KMOS 6.1, 7 and p.m. nightly November 16-21.

## MEMBER NEWS AND UPDATES

**Chris DiMaso**

Manager of  
Community Support  
*dimaso@ucmo.edu*

Hello, my name is Chris DiMaso, and I am excited to introduce myself as the new Manager of Community Support for KMOS PBS. Though I am new to this role, I bring more than 25 years of experience in connecting people with causes they care about.

Public television has always been close to my heart. I especially enjoy tuning in to the cooking shows on 6.2 Create. They remind me how PBS programs can inspire, teach, and bring people together in meaningful ways. That is the power of KMOS PBS, and it is a privilege to serve in a role that helps our members see their support in action.

My job is all about connecting with you, our members, and making sure you feel the difference your support makes. I love hearing what matters most to you and helping match that passion with the work we do here at KMOS PBS. Whether it's creating opportunities for kids to learn, bringing trusted news to our community, or sharing inspiring arts and culture, your generosity makes it possible.

The impact of our members' donations is incredible. Every gift helps bring educational programs, local stories, and community resources to mid-Missouri. Together, our members are making a real difference, supporting lifelong learning, enriching lives, and helping ensure that KMOS PBS remains a trusted, valuable part of our community.

I would love the chance to get to know you, hear what inspires your support, and talk with you about how your giving makes a difference. Please don't hesitate to reach out to me. I am always happy to talk with our members.

Together, we can continue to strengthen KMOS PBS as a resource for everyone in our community.

Warm regards,

Chris DiMaso

Manager of Community Support,  
KMOS PBS

the most improbable of circumstances in Korea, only to disappear again in 1967 after it was stolen from the home of Victor Dial (Lt. Dial's son) while he and his wife slept in their suburban Paris home. After 25 years of research and 130 interviews with his grandparents' peers, Minter Dial II embarks on a remarkable journey to discover more about his grandparents and bring healing to his father. Uncover the mystery of how the ring was lost and found, and reveal the lasting legacy it had on all those it touched.

## Mister Rogers: It's You I Like

Hosted by award-winning actor Michael Keaton, enjoy memorable segments, archival performances, and lots more!

## My King Charles

November 14 at 9 p.m.

November 14th is King Charles III's 77th birthday. This documentary gives an unprecedented insight into the King of England, from the producers of headline-making *Diana: The Truth Behind the Interview*. The film traces his early years in the palace including major revelations about his playboy twenties to his troubled first marriage, dubious brushes with politics, his role in smoothing recent royal troubles, and the future he now faces.

*My King Charles* features stories and insights from people close to the King at the most pivotal moments of his life. The film includes unpublished personal letters and photographs and new revelations from those closest to him, including former girlfriends, relatives and former private staff, painting a uniquely intimate picture of the real man behind the crown.

It's a film filled with warmth, humor, surprises and larger-than-life characters. Myths are debunked and accepted wisdom challenged by this select group who have found themselves inside Royal stories, rather than reporting from the outside. From his isolated childhood to his current ongoing struggles with Prince Harry, this is a truly rare insight into arguably the world's most dysfunctional famous family.

For even more King Charles, watch *Born to Be the King* November 7 at 9 p.m.
